

TRESPASS – ROAD ALLOWANCES

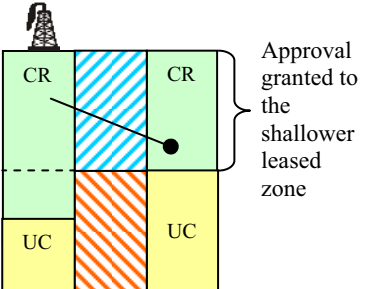

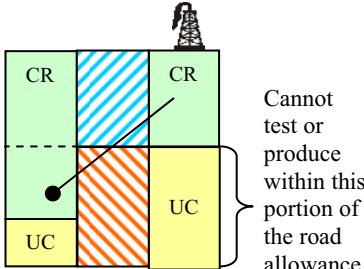

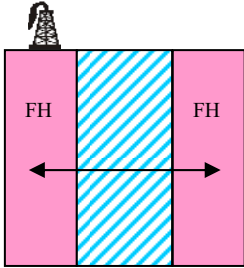

In order to help you determine when prior approval is required, the following illustrations outline some of the common road allowance scenarios.

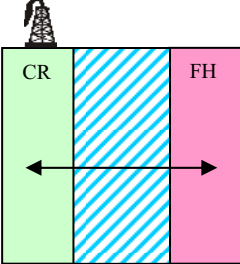

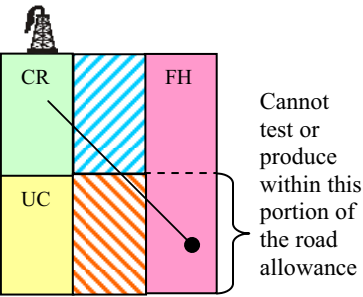

Legend – Crown (CR), Freehold (FH), Undisposed Crown (UC)

Scenarios		Comments	Prior Approval Required	Approval Not Required
Well drills through Road Allowance	 Drills through to get to LEASED rights only	Activity that is allowed within a road allowance includes drilling through to get to the LEASED rights, logging or taking samples as required by the AEUB		✓
Well produces only from Road Allowance	 Produces here only	Approval required regardless of who owns the adjoining LEASED sections (i.e. if adjoining sections are between CR-CR, FH-FH or CR-FH)	✓	
Well terminated in Road Allowance (include well drilled in Road Allowance)		Approval required regardless of who owns the adjoining LEASED sections	✓	

Scenarios	Comments	Prior Approval Required	Approval Not Required
Well terminated in Road Allowance (include well drilled in Road Allowance) between Crown sections	 Approval granted to the shallower leased zone	✓	
	 Cannot test or produce within this portion of the road allowance	✓	
Well terminated in Road Allowance (include well drilled in Road Allowance) between CR and FH sections		✓	

Scenarios	Comments	Prior Approval Required	Approval Not Required
Well terminates in Road Allowance between CR and UC or between FH and UC		Not Allowed	
Well terminates in Road Allowance between CR and UC		Not Allowed	
Well terminates in Road Allowance between FH and UC		Not Allowed	

Scenarios		Comments	Prior Approval Required	Approval Not Required
Well crosses road allowance between CR-CR sections	 Approval granted to the shallower leased zone	Authorization granted under Information Letter 2003-05 to access and produce the rights within a road allowance to the extent that the adjoining agreements grant rights. Note: Prior approval must be obtained if well only produces within Road Allowance.		✓
	 Cannot test or produce within this portion of the road allowance	Cannot test or produce within the portion of the road allowance when that portion of one of the adjoining sections is undisposed crown	Not Allowed	
Well crosses road allowance between FH-FH sections		Authorization granted under Information Letter 2003-05. Road Allowance will be treated as if it were FH rights and will be dealt with in accordance with the Freehold Mineral Rights Tax Act.		✓

Scenarios	Comments	Prior Approval Required	Approval Not Required
Well crosses road allowance between CR-FH sections		✓	
Well crosses road allowance between CR-FH sections		Not Allowed
